

TAMMANY LEADER AND GLASS ARRIVE BRYAN'S CHOICE CAUSES SURPRISE

Liberalization Plank Continues To be The Chief Topic Of Discussion in Convention City.

WET PLANK PLANNED BY HIGH PARTY MEN

Bryan's Choice For Permanent Chairman is Signal For A Wide-Spread Speculation.

Definite Plan of Bryan to Override Plans of Administration Are Seen.

(By Associated Press)

San Francisco, June 24.—Preliminaries to the Democratic National Convention got into the inevitable period of hurry and scramble today with the appearance of one after another of the men who are to play leading parts in the big quadrennial drama.

The question of the party's policy toward bone dry prohibition continued the big theme of agitation, with prospects for a fight on the convention floor growing better and better.

The discussion of presidential candidates still remained well in the background. Two figures newly arrived on the scene attracted particular attention.

One was Senator Carter Glass, of Virginia, fresh from Washington and generally reported to have brought President Wilson's own draft of the platform.

The other was Charles E. Murphy, of New York, the leader of Tammany Hall, who came direct from the widely heralded conference of old line party leaders at French Lick, Indiana.

Publicly, they refused to talk politics, outside what they hope to accomplish, or predict what the convention finally would bring forth.

The declaration of the New York state convention for repeal of the eighteenth amendment and widely circulated reports of the patching of an anti-bone dry plank at French Lick helped to bolster the impression among many delegates that Tammany would lead in the effort to write such a plank into the platform.

One element which tended to keep the problem in flux was the uncertainty of many of those here regarding the position of President Wilson.

The Virginia state platform, which has been given the President's unqualified approval and on which the national platform is expected to be modeled, is silent on the subject.

Political friends in the administration, however, are known to have prepared a liberalization plank for which they are ready to make a fight in the convention.

This plank, said to have been drafted after conferences in Washington among men high in the party councils, does not mention beer or wine by name, but makes a blanket declaration for more liberal interpretation by Congress of the prohibition amendment.

It is expected a strong effort will be made by sponsors of the proposal to throw the influence of the administration behind it.

SAY LABOR BOARD CAN NOT AGREE

Reports Indicate The Railroad Wage Board is Divided Three Ways Over Settlement.

"No Message Received From President," But President Gets Reply.

(By Associated Press.)

Chicago, June 24.—A well confirmed report in circulation in labor circles today said the Railroad Labor Board was divided three ways on the wage controversy, the labor group holding for an award which both the company and public representatives thought exorbitant and the company group refusing to concede an award that the public group held reasonable.

No message from President Wilson asking an immediate decision on the wage question had been received when the Board met today.

DEEP MYSTERY IS EXPLAINED

(By Associated Press)

Chicago, June 24.—The mystery surrounding the telegram sent by President Wilson to the Railway Labor Board here asking that settlement of the wage controversy be expedited was cleared today after the White House had announced the text of the message.

Judge R. M. Barton, chairman of the board, said he received the telegram last Monday marked "personal and confidential" and had not communicated it to other members of the board.

COMMISSION OPENS HEARINGS

(By Associated Press)

Scranton, Pa., June 24.—The anthracite coal commission recently appointed by President Wilson opened hearings here today in the wage controversy between the hard coal operators and mine workers.

The commission is taking up a task over which a joint conference subcommittee of operators and miners wrestled in vain for six weeks in April and May.

Dr. Wm. O. Thompson, president of Ohio State University, representing the public, is chairman of the board.

ANNUAL PICNIC BIG SUCCESS IN EVERY WAY

Fayette County Fish And Game Protective Association Scores Another Triumph.

Record-Breaking Number of Men and Boys Enjoy Picnic to the Limit.

Ideal Grounds, Ideal Weather and Royal Entertainment Combine for Success.

With a crowd estimated at 1500 men and boys on the grounds the Fayette County Fish and Game Protective Association scored a tremendous success in the annual picnic held at Wilbur Collins grove on the Leesburg pike Wednesday, in which there was was not a single municipality or community in Fayette county from which there were not representatives in attendance.

It was the annual get-together of Fayette sportsmen and lovers of the outdoors and good fellowship was the keynote of the day. On an equal footing in the great grove hundreds of farmers, business men, professional men, boys just out of school, and men of all creeds and denominations, were just plain good fellows.

No better place for holding the annual affair has ever been secured for the hundreds of Fayette men in picnic session than the Collins grove. On its 330 acres the great crowds of Wednesday made hardly an impression in its high capacities, and elbow room was not a prized possession, as it generally becomes when large crowds mingle. Great oaks and elms furnished abundant shade over the fresh blue grass but there were open places where needed for the sports and contests.

Not in the least daunted by the heavy rains of Tuesday evening and of Tuesday night when the dark clouds covered the skies over all Fayette and prospects for the affair were glimmering in a drenching desert of hoar by the Fish and game association came back with the sun Wednesday morning and at seven-thirty the first auto loads turned into the grove. For hours they streamed into the gate and then the officials realized that the largest attendance ever blasted of by the Fish and Game Association had come to pass in the face of getting their feet wet in the still damp grass.

Old Rattlesnake, the creek that winds through the grove, called with its promises of great catches and scores made straight catches and scores made straight for its banks where they smoked and swapped yarns in lazy contentment during the forenoon.

Noon came none too soon for the appetites of the majority of the picnickers who could hardly wait to pull their lunch baskets out of their autos and the most enjoyable hour of the day was from twelve till one o'clock. During that time the grove quieted down and the real picnic atmosphere lulled all away from the thoughts of work and business and put the fish and gamesters in humor for the treats that were to follow in the way of contests of science and strength.

A prize of five dollars that was offered for any person killing a Rattlesnake on the grounds was not claimed but the day did not pass without its snake story. It is said that Sam Lydy enthusiastic member of the association found in his coat pocket a real live snake, that in some manner had taken refuge in the garment while it was lying on the ground. He is still looking for the jokers.

Ornie Brown, president of the association, was busy all day watching the clouds to see if the much threatening rain was going to fall.

Morris Baker, who retired from the secretaryship of the association a few months ago, could not keep out of the fray, and in the capacity of general chairman, the smallest details were carefully looked after and the machinery of the picnic moved in a smooth manner.

Entertainment was provided for every one in the meeting of the baseball teams captained by Homer Smith and Charley Evans. Homer's men won 8 to 5 through the big league exhibition of hurling given by his able staff of moundsmen, Forest Tipton, and Dr. Whitehead, of Jeffersonville. Deputy Sheriff C. W. Perry caught a fast game. Ched Thurman, Eber Carr and Orville Leveck were pitchers for Evans.

Another headliner in the entertainment was the wrestling matches and boxing exhibitions. In the main event Bill Brooks, of this city, was defeated by Ray Carpenter, of Lancaster, with a cradle held in 26 minutes. Two old timers were seen in action with Bating Hurley, of New York, boxing two fast rounds with Bill Palmer, of this city. Some fast action was staged between Bobby Powers, of Columbus, and Billy Gibbs, of Cleveland, in six rounds of punchswapping. Joe Carpenter, of Columbus, and Emerald Moats, of this city, went six minutes of grappling with Carpenter winning over the local boy with a body scissors. W. E. Palmer had charge of the show and refereed.

Foster Wike, of Staunton, was the lucky man in winning a shotgun.

To Messrs. Collins and Ladd the association has, extended many thanks for the use of the Collins Grove. The Association also extends thanks to all those who contributed so generously of their time and labor to make the picnic a success.

SAY JOHNSON VERY BITTER MAKES CHARGES

San Francisco, Cal., June 23.—"I would rather come back as a defeated candidate for the Presidency, with the knowledge that California's delegates, obeying their instructions from the public, voted for me to the last, than come home successful as the result of an early morning conference in a room in a Chicago hotel by a group of men representing the international banks."

This was the remark made by Senator Hiram W. Johnson at Sacramento this afternoon when enroute to this city, where he was the guest of honor at a warm homecoming at the Water Terminal. It is no secret that the Republican leaders expect Johnson eventually to support the nominee.

GOVERNMENT EXPERT LEAVES FOR MICHIGAN

Dr. C. S. Elliott, of the U. S. Department of Agriculture, who has been here for two years, leaves Tuesday for St. Paul, Minn., where he will be stationed on tuberculosis work.

Dr. Elliott states that hog cholera

seems on the wane now in Ohio and five of the eight government men heretofore stationed in this state on that work have been transferred to other sections to fight against tuberculosis.

The fight against tuberculosis has a double incentive in that it is transmissible to human beings and for that reason, the Doctor states the government has increased the appropriation for that work and concentrated its efforts more in that field, reducing the appropriation for fighting hog cholera and also reducing, for the time being at least, the number of men in that field of endeavor.

Centipedes usually have thirty-four legs, but there are other species with as many as 100 or 200 legs.

JUDGE'S TESTIMONY MOST CONVINCING

Says That He Takes Pleasure in Reporting That He was Benefited by Nerv-Worth.

"I have used several bottles of Nerv-Worth and take pleasure in reporting that I have been greatly benefited by its use and I therefore recommend the medicine."—A. D. McCorkle. Mr. McCorkle was formerly judge of police court, Charleston, W. Va., and is a highly respected and well-known citizen of that city. A statement such as the above, coming from a man such as Mr. McCorkle, carries great weight. Nerv-Worth has been endorsed by men and women in practically all walks of life. They praise it because it does the work. Nerv-Worth aids digestion, whets the appetite, neutralizes poisonous acids, drives out impurities, gives nerve force, restores restful sleep, and banishes other ills attending stomach and nervous disorders. If you suffer or your condition is run down, do not hesitate to take the Nerv-Worth way to health, as millions of others have done before you. It will help you and if it doesn't help you, after you have taken a bottle according to directions, your druggist is authorized to refund your money.

Sold on a money back guarantee by Brown's, Christopher's and all leading druggists everywhere.—Adv't.

CHEROKEE BILL REACHES 123

Grand Junction, Colo., June 24.—Cherokee Bill, veteran of the plains and soldier in the war of 1812, has just celebrated his 123rd birthday at the county home here.

Cherokee Bill is the only name he knows. In the early days of the country he fought with bow and arrow with the aborigines and even used that primitive weapon, he says, when he fought the British in 1812, enlisting in the army when he was 15 years old. He was born June 6, 1797, and was twice listed in the United States census as the oldest native of America. The aged Indian recently made a cap for himself out of the down of cat tails and wears this proudly when he hobbles along the streets occasionally with the aid of a cane he has owned since the Civil War. He is getting feeble, though he still has a good appetite.

NOTICE

The work of building the new Baptist Church on Paint street will be started this week, having been delayed by not being able to get teams to do the excavating. The members, who have teams are farming and have been busy planting their corn and gathering their peas, this being through, they will start to digging the basement at once.

We have not as yet made an appeal to a generous public but will probably be forced to do so later on.

Only persons bearing papers from the second Baptist Church signed by Pastor and Clerk will be the ones who have been properly authorized to solicit aid for this church.

MORNING STORM CAUSES ANXIETY DARKNESS FALLS

Accompanied by deep twilight, a heavy wind, rain and electrical storm swept down through central Fayette from the northwest, about eight o'clock Thursday morning, and one of the heaviest rains of season resulted.

The clouds changed from black to pink and thence to a deep grey, while low hanging clouds, moving with the speed of an express train, boiled and rolled apparently within a few hundred feet of the earth, causing a great deal of anxiety among local citizens until the storm had passed on to the southward.

No serious damage was reported but the wind was very heavy in the eastern part of this city, immediately west of town and also east and south of town.

ILLINOIS SHERIFF AND OWNER OF CAR AFTER AUTO THIEVES

The owner of a stolen Cadillac touring car and the Sheriff at Bloomington, Ill., together with the Greene County Sheriff were in this city Wednesday night seeking two or three Bloomington boys who had stolen the Cadillac and were last heard of in Xenia, where the machine was later found in a Garage.

It was believed that the boys, making Xenia their headquarters had come to this city while awaiting money from their relatives in Bloomington which they had asked be sent to them at a Xenia hotel.

The three men returned to Xenia after an unsuccessful search in which local authorities aided.

It is believed the boys are still in Xenia.

MANY NEW MEMBERS ADDED AT PICNIC

The annual picnic Wednesday netted the Fayette County Fish and Game Protective Association some 275 new members.

Following the usual custom non-members paid the annual membership fee at the gate, this fee entitled them to full privileges for the year.

The club now has over 100 out of county members, all of whom are enthusiastic over the Fayette plan and declare that they do not see how the Association can accomplish what it does with such a modest yearly membership fee. Tireless work on the part of many members, they have been informed, is one of the secrets of success.

The Weekly Half-Holidays

Wednesday ushered in the first one of the weekly half holidays that are to be observed in Washington during the summer season. In determining to have these weekly half holidays the merchants and business men of this city are in line with practically all progressive cities in the country, large and small.

As a matter of course, until we become accustomed to the change, there will be some little inconvenience experienced by the buying public, but nothing serious. It will be no difficult matter to adjust our affairs to the slight change in conditions and the half holidays mean so much to the folks who are housed up every working day of the week in the business houses, factories and counting houses of the community.

The larger cities observe the weekly half holiday on Saturday, but that is impossible here because this, like all other prosperous rural community trading centers, is a "Saturday town." The next best half holiday period then is Wednesday. It comes after the first of the week rush and clean up is past, and in advance of the week-end rush.

There is some objection, of course. Whenever we forget to go to the bank or to lay in the supply for the pantry, we naturally get a little out of patience but the objections are founded on trivial matters after all and the big reason favoring the custom remains unshaken.

We would like to see, during the busy harvest season this summer, a goodly number of the released business men take a half holiday out on the farm helping with the work. That would give them the open air of the great out-of-doors, the ideal exercise and would help the farmers and everybody. In addition to that, such a course would measurably widen the circle of those among whom the weekly half holiday is popular.

These "Showers."

Defying the weather bureau's daily predictions of "clear" and "fair" the thunderstorms and heavy rains continue to come along several times during each twenty-four hour period.

Every day for twelve days now we have been deluged with water from the clouds; some days we have been soaked several times and sometimes almost continuously during the whole day period.

The explanation given to harmonize the apparent conflict between predictions and facts is that the showers are local. Perhaps so, but when the storm clouds come rolling up over the horizon, north and west, it looks like the whole nation had gone "wet."

Well there is one big consolation. Thus far the downpours, no matter whether they are local showers or regular rains, have not done any damage. On the contrary they have immensely benefitted the growing wheat.

The Railroad Crossings

The work of improving the streets is progressing very well—as well as we can expect considering the freight embargo at different points, crippled railroad facilities and labor and material shortages.

One regrettable feature which cannot be overlooked, however, is that nothing is being done to improve the railroad crossings.

The work of improving the streets which will cost the taxpayers in general and special assessments scores of thousands of dollars is being carried right up to those frightful crossings and stopped short on either side. That plan will leave a death trap hurdle and ditch crossing which officials will have difficulty in excusing to a justly indignant public.

Why council neglects and refuses in the face of an unanimous public demand and an evident public need to improve our railroad crossings on improved streets is inexplicable. We need not wait for the railroads. If the city's rights have not been lost, the proper legislation can bring new crossings and tax the costs on the railroads.

If the city authorities have bungled heretofore let's have the facts and then go ahead anyway and pay the bill ourselves.

It is worse than ridiculous to spend hundreds of thousands of dollars in new streets and then have them cut into sections by almost impassable crossings.

POETRY FOR TODAY

TO A FIVE DOLLAR BILL

Crinkle, crinkle, little bill;
Goodness, gracious, you look ill!
Are you losing all your power?
You seem weaker hour by hour.

"Now that prices are so high,
I'm so tired that I could die.
I just circulate all day,
No one dares put me away.
When the evening board is set
With the fruits of father's sweat,
My small voice is hushed and still—
I am in the dealers till.
And no matter where I go,
People disregard me so;
I don't seem to count for much
'Mongst the profiteers and such."

Bill, take heart, your luck may change
I'll admit the times are strange.
Though you're weak, I love you still—
Crinkle, crinkle, little bill.

—Exchange.

TAKES FALL OUT WITH STATEMENT ABOUT ARMENIA

New York, June 24.—Vahan Cardashian, of the American Committee for the Independence of Armenia takes issue with the recent statement of Damad Ferid Pasha, Premier of Turkey and brother-in-law of the Sultan, as cabled from Constantinople. The Turkish premier stated that the provinces of Van, Bitlis and Mosul, said to be claimed by the Armenians have only five per cent of Armenians and that the leaders of the Turkish Nationalist movement were not really Turks but adventurers from other countries. Concerning this Mr. Cardashian says:

"We do not claim Mosul. That is a part of Mesopotamia. In the provinces of Van, Bitlis and Erzerum there was in 1914, a Turk and Kurd population of 551,000 as against 581,000 Armenians. Today, there is a Turk and Kurd population of only 96,000 in those three provinces and possibly 4,000 and 5,000 Armenians. But there are 286,000 Armenians from these provinces who have taken refuge within the boundaries of the Armenian republic. And also over 75,000 Armenians from these provinces are to be found in other contiguous regions.

"Mustafa Kemal, (Turkish Nationalist leader) whom the Grand Vizier presents as a Jew, was born a Turk, and his parents were from Saloniki and were Deunnes, that is converts, as were the parents of Talat and Djavid. Rustem, whom he presents as a Pole, is of Polish extraction as Enver. He is a Moslem, was the Turkish ambassador in Washington in 1913 and was the director of Turkish propaganda during the Great War. Fuad, I do not know who he is. But, the majority of the Turks are of foreign extraction. Of the 33 Grand Viziers up to 1909 seventeen were of foreign extraction."

RANDOM NOTES

SOCIAL : PERSONAL MENTION : CLUBS

Mrs. Roy O. Young, of Asheville, N. C., was honor guest at a charming little luncheon entertained by Mrs. Willard S. Willis Wednesday.

Crimson ramblers formed artistic decoration for the exquisitely appointed table and the menu comprised the season's delicacies.

Seated with the hostess and honor guest were Mrs. William W. Westfield, of New Orleans, La., Mesdames Joseph H. Harper, Earl Barnett, Ed Fite, Ray Maynard, Walter D. Craig.

No social event in the calendar of the Clonians, red lettered as it is, has carried with it more interest and pleasure than a luncheon at which Mrs. Samuel Hoskins (nee Rose McLean) extended the hospitality of her Columbus home to Clonians and Junior Clonians on Wednesday.

So altogether delightful was the day in the cordial hospitality of Mrs. Hoskins' home that it went far towards reconciling the club members to the loss entailed in the removal of the hostess to Columbus.

The luncheon table was lovely with its handsome service and crimson ramblers lending a brilliant color note.

It was regretted that several club members were prevented from attending. Those present, with the addition of a few favored guests, were Mrs. Robert Howat, daughter, Miss Jean, Mrs. Frank M. Fullerton, daughter, Miss Dorothy, and guest, Miss Martha Young of Memphis, Tenn., Mrs. Josephine Kerr, daughter, Mrs. John Zollinger and son William, of Piqua, Mesdames Wm. Boynton Gage, Ione Bryant, Harriet Woodward, V. R. McCoy, Miss Helen Hoskins.

The Wesley Chapel Mite Society was delightfully entertained at the home of Mrs. Charles Cheney Wednesday afternoon the assistant hostesses, Mesdames Tilton, Orr, Hard, Gage, Norris and Bryant.

One new member, Mrs. Holdren was added to the roll call and 25 members were present, with several visitors, Mrs. Bertha Wood of Circleville was an out of town guest.

The usual program was omitted as the affair was a Kensington, with summer flowers in graceful arrangement

in the rooms and tempting refreshments adding to the pleasures of the afternoon.

Sixty Pythian Sisters were indebted to Mrs. Peter Smeltzer, of the Jeffersonville pike, for a most enjoyable strawberry feast Wednesday evening.

The Smeltzer strawberry beds produced luscious red berries in such abundance that the guests had all they could eat, served with thick cream and appetizing accessories.

It was fortunate that the affair was scheduled on one of the few rainless evenings of the week.

The Thursday Euchre Club has found no season of the year more delightful than the one entertained by Mrs. Ada Jones Thursday afternoon.

It was also a beautiful party, with the home radiant with summer bloom. Pink peonies filled tall vases in the parlor, bowls of ragged robins, clematis and gaillardia matched the blue and yellow shades in the living room decorations and Dorothy Perkins' roses were exquisite in dining room.

An elaborate two course luncheon was served at the close of the game. Mrs. Eliza Waddell assisting her sister in the hospitalities.

Mrs. T. W. Marchant of Los Angeles, Cal., and Mrs. Frank C. Reed, of Fort Thomas Ky., were most welcome guests.

"A wedding of interest to Greenfield occurred on Monday afternoon at three o'clock at the home of Mr. and Mrs. Brent Oxley in Louise, Miss, when Miss Irma Oxley of this city, was united in marriage to Mr. George Barnes, of Louise. Mrs. Barnes is the daughter of Mr. and Mrs. N. C. Oxley, of Greenfield, and has spent the past year with her brother and family in the south, where she was employed as teacher in the schools. Following the ceremony, Mr. and Mrs. Barnes left immediately for this city where they will spend several weeks with the bride's parents, after which they will leave for where they will make their home."—Greenfield Republican.

The bride has frequently visited Mrs. L. L. Brock (Edda Fenner) in this city.

Mrs. Will E. Dale gave a delightful little surprise party, Tuesday evening for her daughter, Miss Wilma, in honor of her fifteenth birthday, the guests, ten girl friends, Misses Mildred Todhunter, Mabel Sunkle, Helen Kearney, Virginia Ellies, Evelyn Soder, Virginia and Gwendolyn Baughn, Nell Mark, Artie S. Meiers and Dorothy Jones.

Mrs. Dale took the girls to the Palace theater to see Mae Murray in "A. B. C. of Love," and afterwards entertained them at home, serving a particularly appetizing lunch.

A pink and white color scheme was prettily introduced in the decoration.

The Sugar Grove W. C. T. U. greatly enjoyed an all day picnic Wednesday at the attractive country home of Mr. and Mrs. Wert W. Elliott, north of Bloomingburg on the Danville pike.

A basket dinner that produced everything delicious in the line of home cooked eatables was served cafeteria fashion in the basement, its social features leaving nothing to be desired. There were sixty women in attendance, in cluding a number from the Yatesville Union.

After the dinner the President, Mrs. Clark Post, called the guests to order for the program—an excellent one with well written papers on subjects of vital interest to the Union.

Mrs. Ed Darlington presented the subject "With the Women, the Churches and Business Arranged on

the Side of Prohibition, it Cannot Fail." Mrs. Frank E. Haines discussed "Social and Personal Purity" and Mrs. Clark Post, "Experience."

Complimenting their guest Miss Pauline Brown, of Toledo, Mr. and Mrs. Elton Marine entertained with a dinner and dance at Maple Grove Springs Hotel, Wednesday evening their dinner guests including Mr. and Mrs. Allen West, Miss Stella West and Mr. Harry Bangha.

Eighteen couples of the younger married set motored down for the dance, which was given in the Pavilion at the Hotel, Miss Marion Whelpley at the piano, Mr. C. M. Johnson, saxophone, Mr. James Whelpley, cornet and Mr. Miller drums furnished excellent music.

More than fifty women of the Ladies Aid Society of the Jeffersonville M. E. Church met at the home of Mrs. C. P. McClain near Cozy Corner Wednesday afternoon in the regular monthly Kensington of the organization.

Mrs. E. E. Vannor-dall entertained the Ladies Aid of the Jeffersonville M. P. Church at her home on the Harold Pike Wednesday afternoon.

Mr. and Mrs. Ollie Severs of this city, with Dr. and Mrs. A. F. Adams, of Springfield, and Mr. and Mrs. Earl Allen of Bellefontaine were the guests of Mr. and Mrs. F. H. Powers of Mill-edgeville, Wednesday.

Dr. and Mrs. J. F. Vanderman and family of Spring Valley were guests of Mr. and Mrs. Ben Gidding, of Mill-edgeville, Wednesday.

TO LAY ASPHALT ABOUT JULY 15

Indications are that The Andrews Asphalt Paving Company which has been at work on the city streets the past four months, will lay the first asphalt about July 15th, providing further delays are not experienced in obtaining material and equipment.

The asphalt plant is to be shipped near July 1st, and is expected to reach here and be ready for use by the fifteenth.

Meanwhile the excavating work has been completed and the work of grading and laying the concrete base is underway, progressing rapidly when the cement is available.

In the meantime a number of the street intersections are in bad condition for crossing because of a difference of several inches in surface of the streets.

DECLARE RAINS KILL GRASSHOPPERS

Fayette farmers insist that the recent heavy rains, while being a little too much for crops, have wrought destruction to the millions of tiny grasshoppers which were beginning to make their appearance in the fields and threaten serious damage to the crops.

According to some of the farmers the rains have literally drowned a large portion of the young "hoppers" and while a goodly number will be left to prey upon the crops, it is believed that the ranks of the insects have been so seriously depleted that damage will be comparatively light to what it would have been.

WAVE OF CRIME AMONG GERMANS IS NOT ABATING

Berlin. (By Mail)—The wave of criminality in Germany shows no sign of abating. Jails are filled to capacity with the thieves' fraternity, from those guilty of grand larceny down to sneak thieves of the big city streets. Very often new arrivals have to be temporarily released from custody owing to lack of room in the penitentiaries. Here are some of the principal thefts and robberies in the last few days.

Burglars broke into the Berlin stock exchange and forced a safe open from which they took 3,500 marks and five typewriters.

The Price Tag or the Label

—Which do you look for when you buy clothes?

In reading many of the clothing advertisements which appear in the newspapers nowadays, one would imagine that men buy clothes only because a low price is featured. But in fact, men don't buy clothes on this basis.

Men buy clothes because they need them to wear—to present a good appearance. Clothes bought for any other reason, regardless of price, are an extravagance.

Don't permit yourself to be blinded to quality by a tempting price tag. You don't use the tag. The suit is the thing—the style, the fabric quality, the tailoring, good appearance, the satisfaction you get.

Kuppenheimer good Clothes

RALLY OF THE "BRINGING UP FATHER" CLAN AT LOS ANGELES

The immortal Jiggs, (Johnny Ray) and Maggie, (Margaret FitzRoy) are posed at the front of the group. Their cartoonist-creator and his wife, Mr. and Mrs. George McManus, stand between them. On the left, Reggie Morris, director of the series of the two-reel "Bringing Up Father" screen comedies. This picture was taken up on the arrival of the McManuses in the cinematropolis, where the humorist will give his attention to the preparation of the screen comedies based on his internationally popular cartoon series.

BIG RESERVOIR IS TO CONTINUE AS HERETOFORE

(By Associated Press)

Celina, Ohio, June 23.—The possibility of St. Mary's Lake—considered to be the largest artificial lake in the world—being drained and turned back into far lands as suggested to the last session of the state legislature, appears to be remote. Citizens of Celina and others nearby towns bordering on the lake, say they recognize the possibilities of it becoming a great summer resort and are discouraging the idea that the lake be abandoned.

Frank Milinski, state game protector at the lake, says the lake offers the finest fishing grounds in the state and is of the opinion that within a few years it will outclass other state owned lakes as a summer resort. At present, there are scarcely more than a score of summer homes on the lake front.

The lake is approximately ten miles long and four miles wide, containing approximately 17,000 acres of water. It was constructed in 1837-1841 as a reservoir to supply the Miami and Erie canal. For many years it served its purpose only to be abandoned.

along with the other reservoirs when the canal system was abandoned about 40 years ago. Since then it has remained a great pond, affording fishing and duck shooting grounds to nearby residents.

For many years the lake was allowed to accumulate logs and debris. During the last few years the state has installed several new spillways and restocked the lake with millions of fish. A concrete road surrounds it.

St. Mary's Reservoir is the only state owned lake in Ohio not used by a great number of motor boats. The lake is so filled with stumps that motor boating is not considered safe.

SAYS BULGARIA MUST HAVE PORT ON THE AEGEAN

Sofia, Bulgaria, (By Mail)—Bulgaria must have a territorial outlet on the Aegean Sea, Ivan E. Gueshoff, one of Bulgaria's most brilliant statesman and formerly Prime Minister, now a deputy of Parliament, has told the Associated Press correspondent. "A more economic outlet will be of no use to her as she has categorically refused and will refuse, to accept it," he went on. "A glance at the map of

the Balkan Peninsula will prove that a port on the Aegean is a matter of far more vital importance to Bulgaria than Flume is to Yugoslavia.

"We know," continued M. Gueshoff, "that on the question of ethnic and territorial claims of Bulgaria, the United States was overruler at the Peace Conference. We are nevertheless genuinely grateful to all those Americans who, in the commissions appointed to study the questions of Thrace and the northern and western frontiers of Bulgaria, gave conclusions in our favor. We now implore the generous help of the great American people in the solution of a question fraught with momentous consequences to Bulgaria and to peace of the whole Balkan Peninsula."

(Bulgaria ceded western Thrace under the Peace treaty and the Peace Conference awarded it to Greece. This cut Bulgaria off from its former port of Dedeagatch, on the Aegean Sea; but the Allies promised her the League of Nations would give her an outlet on the Aegean.)

MEXICAN ROADS IN BAD SHAPE

Mexico City, (By Mail)—Twisted rails, decayed cross-ties and worn-out rolling stock—products of a decade of revolution—millitate against the efficiency of Mexico's railroads. No greater problem of reconstruction faces the country than the rehabilitation of her railway lines.

The average speed of a Mexican passenger train is 30 miles an hour. From Juarez to Mexico, a distance of 1,235 miles, one has to travel 45 hours running time, exclusive of lengthy stops at Chihuahua City and Torreon. The shorter trip to Mexico City from Nuevo Laredo, opposite Laredo, Tex., requires ten hours less.

Bandits in all parts of the country have wrought havoc with the nation's railway system. Even today one can see ruins of trains that were burned down by outlaws years ago. The roadbeds likewise have suffered. Derailments are frequent, being due to the improper repairing of tracks damaged by marauders.

TEXAS DELEGATES TO VOTE FOR McADOO

(By Associated Press)

Dallas, Texas, June 23.—Intention to cast Texas' forty votes on the first ballot for William C. McAdoo for the presidential nomination was declared by the Texas delegates to the Democratic national convention, who left here today for San Francisco.

Facts for Sick Women

Reliable Information

All American women know of the great success of Lydia E. Pinkham's Vegetable Compound in restoring to health women who suffered from ailments peculiar to their sex, yet there are some who are skeptical and do not realize that all that is claimed for it is absolutely true—if they did, our laboratory would not be half large enough to supply the demand, though today it is the largest in the country used for the manufacture of one particular medicine.

The Facts contained in the following two letters should prove of benefit to many women:

Buffalo, N. Y.—"I suffered with organic inflammation and displacement. When lifting I had such pain and bearing down that I was not able to stand up, and it hurt me to walk or go up or down stairs. I was going to a doctor without any results and he said the safest thing would be to have an operation. I met a lady who told me she had three operations and was not well until she took Lydia E. Pinkham's Vegetable Compound.

I felt relief after taking two bottles of Vegetable Compound and I kept on with it until I was cured. I always use Lydia E. Pinkham's Liver Pills and they are fine. Everything used to turn sour on my stomach and the Liver Pills relieved that."—Mrs. A. Rogers, 593 Fargo Avenue, Buffalo, N. Y.

Sacramento, Calif.—"I had organic trouble and had such terrible pain and swelling in the lower part of my side that I could not stand on my feet or even let the bed clothes touch my side. I gave up my work thinking I would not be able to go back for months. My mother advised me to take Lydia E. Pinkham's Vegetable Compound as it had saved her life at one time, and it put me in a wonderful condition in a couple of weeks, so I can keep on working. I work in a department store and I do not have any more pains. I surely recommend your Vegetable Compound to all my friends and you may use these facts as a testimonial."—Bertha J. Parker, 3320 M St., Sacramento, Calif.

PALMER GARAGE, EAST STREET. AUTO PHONE 5121

DRIVES STOLEN AUTO INTO LOCAL GARAGE AND SKIPS THE CITY

When an unknown man drove a Ford sedan into the Palmer Garage on East street Tuesday evening and offered to sell it he aroused the suspicions of the mechanic to whom it was offered with the result that the police were notified and the "owner" skipped the city.

Search for the supposed thief failed to locate the man and the police believe that he left town on one of the morning trains. The garage man stated the driver was a man of not over thirty, rather heavy set, weighing probably 160 or 170 pounds. He wore a blue denim suit of overalls with a white felt hat.

Later in the day Chief of Police Moore got in touch with authorities in nearby cities and found that a Ford answering the description of the car in this city had been stolen from the streets of Portsmouth about ten days ago and that it belonged to Walter Spriggs, of Jackson. In communication with the sheriff of Jackson county it was learned that it was the missing car and Mr. Spriggs made ready to identify his stolen automobile.

After it was found that the driver of the Ford had left the city, authorities in neighboring counties were notified and a complete description of the thief was sent broadcast.

The car is in good shape and does not show any rough usage at the hands of the thief during the ten days that it was in his possession.

WILLIAM H. SMITH KILLED IN FIELD WAS ON CULTIVATOR

Monday afternoon about 5:30 o'clock, the dead body of William H. Smith, aged 61, was found between the right wheel and frame of a cultivator on the farm of Mr. Frank Anderson in Wayne township.

Smith, who was divorced, has a son and daughter living in Washington C. H.; he had been in the employ of Mr. Anderson for some weeks and bore a good reputation.

The upper part of the body was crushed, having locked the wheel of the cultivator; three hundred and fifty yards back in the field the hat and one boot of the dead man were found and it is supposed that he either had an attack of heart disease or fainted and fell in the position in which the body was found.

It is reported that some few years since deceased made an ineffectual attempt at suicide by shooting.

Coroner Duntun viewed the remains after which they were removed to the undertaking establishment of The Albaugh Co., and prepared for burial.—Circleville Herald.

ASKS FOR DIVORCE CHARGES CRUELTY

Charging the defendant with cruelty and gross neglect of duty Goldie Brown has filed proceedings in the Probate Court asking for divorce and alimony from Howard L. Brown to whom she was married on Feb. 19, 1916.

Plaintiff charges that defendant at one time tore up her clothing, threw it into the yard and trampled it in the mud.

The court is asked to restrain defendant from disposing of or incumbering certain property in which plaintiff claims interest.

IS RECOVERING FROM INJURIES

Clayton Terrill, Eaton man who was severely injured when a B. & O. freight struck a truck he was driving, at the Madison Mills Crossing, Monday afternoon, is resting easy at the Fayette hospital and is believed to be out of danger, the injuries to his hips and back not being deemed serious. However, he will be confined to the hospital for some time as result of a fractured leg.

BOWSER BEATS HIS OPPONENT IN HARD MATCH

Paul Bowser, weight 165, champion of the middleweight wrestling championship, added another to his long string of victories in this city, Wednesday evening, by defeating Jack Henderson, weight 162, of Indianapolis, in two straight falls, taking the first in 50 minutes and eight seconds with a body scissors and the second and winning tumble in eleven minutes and seven seconds with his famous body lock and arm scissors, at Sunnyside Baseball Park, before a large crowd.

In a preliminary that went one fall, Cora Livingston, of Newark, threw Grace Brady, of Cleveland, at the end of 17 minutes, with an arm scissors in the first wrestling match between women ever staged in the city. The match was unusually rough and never lagged at any time.

A style of wrestling peculiarly one of the ordinary was displayed by Henderson in his match with Bowser. Bowser was several minutes solving his defense while the Hoosier had the champ in trouble with a series of head locks and head scissors, toe holds and wrist locks that told on the Newark man. Henderson also had a vein of good humor that forced him to laugh whenever he had the slightest advantage.

While Bowser clearly had the advantage in the first fall, it was easily seen that he was the better man, although he appeared to be somewhat out of condition because of inactivity in the game for the past several weeks.

Henderson worked a toe hold to

good advantage but was not capable of applying the pressure necessary for a fall. Bowser suddenly was on the offensive and a body scissors and head lock proved the undoing of Henderson after fifty minutes and eight seconds.

Bowser made it fast and snappy for the second fall and romped Henderson around the mat, picking him up and slamming him to the canvas until the smiling grappler was too rattled to give much of a battle. Bowser secured a body lock and arm scissors and was the winner, this time in eleven minutes and seven seconds.

Emerald Moats very capably refereed both matches of the evening and was on the job every second. The announcing was made by Promoter Jack Smith. Will E. Palmer was timekeeper.

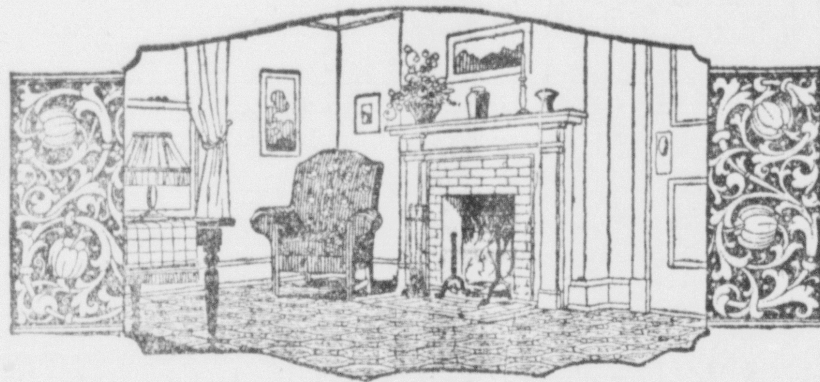

Hillery Challenges Winner.

Before the main bout began Promoter Smith announced that Tom Hillery, local strong boy and wrestler, would like to meet the winner of the Bowser-Henderson match. The wrestlers agreed to this. After winning the match Bowser said that he knew Hillery was a youngster of real ability and that he would meet him on even grounds by making the match a handicap. Because of his own wrestling experience Bowser thought such an arrangement would make the bout more even.

Hillery will meet Bowser within the next two weeks in a match in which Bowser agrees to throw him twice in an hour.

PRUNING SHRUBS

"Prune the spring flowering shrubs soon," says Prof. A. C. Hottes, floriculturists at the Ohio State University. "If one notices the spiraea, golden bells, weigellias, lilacs, and bush honeysuckles, one will see that the blooms have appeared upon the tips of the branches which were produced last year. Beneath these flowers there are strong growing shoots starting at the present time. Therefore, as soon as the shrubs finish blooming they should be pruned back to these vegetative shoots in order that the strength of the bushes may cause long shoots to bloom next spring. The error in pruning shrubs has been to prune before they bloom rather than after. Prune all shrubs after they bloom, there by insuring good flowers for next year."
